

Darcie's Flappy Mother's Day Gift Sack

Instructions

1. Score the bag on all of the dotted lines.
2. Cut out the bag on the solid dark pink lines, cutting away the lines.
3. Cut out the embellishment images, leaving a narrow white border around the outside edges of the embellishment images.
4. Fold the bag on the score lines. The "Y" shaped gusset lines fold inward, like a grocery sack. Make sure these lines are completely folded or the bag will not form properly.
5. Place Versa Tape on the Side Flap. Place Versa Tape on one of the larger Bottom Flaps and on the two smaller Bottom Flaps, placing it on the printed side of the paper (Place the tape as close to the lower edge of the flap as you can). Remove the backing from the Versa Tape.
6. Fold the bag and attach the Side Flap to the opposite edge of the bag with Versa Tape (forming a tube).
7. Fold the two small Bottom Flaps over.
8. Fold the larger Bottom Flap (the one with the tape on it) over, adhering it to the two small Bottom Flaps.
9. Fold the remaining large Bottom flap over, adhering it to the tape on the other flaps. (Press from the inside and outside of the bag to fully adhere.)
10. Attach the embellishments as shown in the photo to the front of the bag using double sided foam tape.
11. Close the top of the bag as desired. A velcro dot is recommended to allow the recipient to open and close the bag.
12. Apply glitter glue or any other embellishments desired. (We glued a rhinestone to the center of the flower).
